Accompanying this Notice of Meeting is a Management Information Circular (the “**Information Circular**”). Reference is made to the Information Circular for details of the matters to be considered at the Meeting.

As described in the “notice and access” notification mailed to Shareholders of the Corporation, the Corporation has opted to deliver its Meeting materials to Shareholders by posting them on its website at www.shamaranpetroleum.com and under the Corporation’s profile on SEDAR at www.sedar.com on May 21, 2019. The use of this alternative means of delivery is more environmentally friendly and more economical as it reduces the Corporation’s paper and printing use and thus reduces the Corporation’s printing and mailing costs. The Meeting materials will be available on the Corporation’s website for one full year.

Shareholders who wish to receive paper copies of the Meeting materials prior to the meeting may request copies from the Corporation by calling 1-888-689-7842 or by sending an email to info@shamaranpetroleum.com no later than June 8, 2019.

If you are not able to attend the Meeting, please vote by using the proxy form or voting instruction form included with the “notice and access” notification and return it according to the instructions provided before 8:00 a.m. PDT on Monday, June 24, 2019.

If you have any questions about the procedures required to qualify to vote at the Meeting or about obtaining and depositing the required form of proxy, you should contact Computershare Investor Services Inc. by telephone (toll free) at 1-800-564-6253, by fax at 1-866-249-7775 or by e-mail at service@computershare.com.

MANAGEMENT INFORMATION CIRCULAR
(Containing information as at May 15, 2019, unless indicated otherwise)

PERSONS MAKING THE SOLICITATION

This Management Information Circular (the "Information Circular") is furnished in connection with the solicitation of proxies being made by the management ("Management") of ShaMaran Petroleum Corp. (the "Corporation") for use at the Annual General Meeting (the "Meeting") of holders of common shares (the "Shareholders") in the capital of the Corporation (the "Common Shares") to be held on Wednesday, June 26, 2019 at 8:00 a.m. PDT at 2000, 885 West Georgia Street, Vancouver, British Columbia, V6C 3E8 and for the purposes set forth in the accompanying Notice of Meeting. While it is expected that the solicitation will be made primarily by mail, proxies may be solicited personally or by telephone by directors, officers and employees of the Corporation at nominal cost. All costs of this solicitation will be borne by the Corporation.

The contents and the sending of this Information Circular have been approved by the directors of the Corporation.

Unless otherwise stated herein, all currency amounts indicated as "\$" in this Information Circular are expressed in United States Dollars, the Corporation's reporting currency.

APPOINTMENT OF PROXYHOLDER AND VOTING BY PROXY

The individuals named in the accompanying form of proxy (the "Proxy") are directors, officers, or the legal counsel of the Corporation (the "Management Proxyholders"). A Shareholder wishing to appoint a person or company other than Management Proxyholders to attend and act for the shareholder and on the shareholder's behalf at the Meeting has the right to do so, by striking out the names of the Management Proxyholders and by inserting the desired person's or company's name in the blank space provided in the proxy, or by executing a proxy in a form similar to the enclosed form. In either case, the completed form of proxy must be received by Computershare Investor Services Inc. prior to the Meeting or any adjournment thereof. A proxyholder need not be a shareholder.

You can choose to vote your Common Shares by proxy, by mail, by telephone or on the Internet. If you vote your Common Shares by proxy by mail, completed forms of proxies **must be received by the Corporation's transfer agent, Computershare Investor Services Inc. ("Computershare"), at Proxy Department, at 100 University Avenue, 8th Floor, Toronto, Ontario, Canada M5J 2Y1.** Telephone and Internet voting can also be completed 24 hours a day, 7 days a week which is noted on your proxy form. If you vote by telephone, you cannot appoint anyone other than the appointees named on the proxy form as your proxyholder. For internet voting, go to www.investorvote.com and follow the instructions on the screen. For either telephone or internet voting, you will need your 15 digit control number which is noted on your proxy form. **Duly completed forms of proxy or a vote using the telephone or over the Internet must be completed no later than forty-eight (48) hours (excluding Saturdays, Sundays and holidays) before the time of the Meeting, or any adjournment thereof.**

If you are a beneficial shareholder and receive these materials through your broker or through another intermediary please complete and return the form of proxy in accordance with the instructions provided by your broker or other intermediary.

ADVICE TO NON-REGISTERED HOLDERS OF COMMON SHARES

The information set forth in this section is of significant importance to many Shareholders as a substantial number of Shareholders do not hold Common Shares of the Corporation in their own name. Shareholders who hold their Common Shares through their banks, brokers, trustees or other persons ("Intermediaries"), or who otherwise do not hold their Common Shares in their own name (referred to in this Information Circular as "**Beneficial Shareholders**") should note that only proxies deposited by Shareholders who appear on the records maintained by the Corporation's registrar and transfer agent as registered holders of Common Shares ("**Registered Shareholders**") will be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Beneficial Shareholder by a broker, those Common Shares will, in all likelihood, not be registered in the Shareholder's name. Such Common Shares more likely will be registered under the name of the Shareholder's broker or an agent of that broker. In Canada, the vast majority of such Common Shares are registered under the name of CDS & Co. (the registration name of the Canadian Depository for Securities which acts as nominee for many Canadian brokerage firms). Common Shares held by brokers (or their agents or nominees) on behalf of a broker's client can only be voted (for or against resolutions) at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the broker's clients. **Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.**

Existing regulatory policy requires Intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. The Intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. The form of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is substantially similar to the instrument of proxy provided directly to Registered Shareholders by the Corporation and is commonly referred to as a "**voting instruction form**". However, its purpose is limited to instructing the Registered Shareholder (i.e., the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The vast

majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**"). Broadridge typically prepares a machine-readable voting instruction form, mails such forms to Beneficial Shareholders and asks Beneficial Shareholders to return the forms to Broadridge or otherwise communicate voting instructions to Broadridge (by way of the Internet or telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. **A Beneficial Shareholder who receives a Broadridge voting instruction form cannot use that form to vote their Common Shares directly at the Meeting. The voting instruction forms must be returned to Broadridge (or instructions respecting the voting of Common Shares must otherwise be communicated to Broadridge) well in advance of the Meeting in order to have the securities voted. If you have any questions respecting the voting of Common Shares held through an Intermediary, please contact that Intermediary promptly for assistance.** Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of Common Shares registered in the name of his broker, a Beneficial Shareholder may attend the Meeting as proxyholder for the Registered Shareholder and vote the Common Shares in that capacity. **Beneficial Shareholders who wish to attend the Meeting and indirectly vote their securities as proxyholder for the Registered Shareholder should enter their own names in the blank space on the form of proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker.**

These security holder materials are being sent to both Registered Shareholders and Beneficial Shareholders who have not objected to the intermediary through which their common shares are held disclosing ownership information about themselves to the Corporation ("**NOBO**'s"). If you are a NOBO, and the Corporation or its agent has sent these materials directly to you, your name and address and information about your holdings of Common Shares have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding on your behalf. By choosing to send these materials to you directly, the Corporation (and not the Intermediary holding Common Shares on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

If you are a Beneficial Shareholder who has objected to the intermediary through which your common shares are held disclosing ownership information about you to the Corporation (an "**OBO**"), please note that the Corporation does not intend to pay for an intermediary to deliver the proxy-related materials with respect to the Meeting and related forms to you and, therefore, you will not receive the materials with respect to the Meeting unless your intermediary assumes the cost of delivery.

ADVICE TO HOLDERS OF EUROCLEAR SWEDEN REGISTERED SHARES

The information set forth in this section is of significance to Shareholders who hold their securities ("Euroclear Registered Securities") through Euroclear Sweden AB, which securities trade on the NASDAQ Stockholm First North Exchange. Shareholders who hold Euroclear Registered Securities are not registered holders of voting securities for the purposes of voting at the Meeting. Instead, Euroclear Registered Securities are registered under CDS & Co., the registration name of the Canadian Depository for Securities. Holders of Euroclear Registered Securities will receive a voting instruction form (the "**VIF**") by mail directly from Computershare AB ("**Computershare Sweden**"). Additional copies of the VIF, together with the Corporation's Information Circular, can also be obtained from Computershare Sweden and are available on the Corporation's website (www.shamaranpetroleum.com). **The VIF cannot be used to vote securities directly at the Meeting. Instead, the VIF must be completed and returned to Computershare Sweden, strictly in accordance with the instructions and deadlines that will be described in the instructions provided with the VIF.**

REVOCATION OF PROXIES

A Registered Shareholder who has given a Proxy may revoke it by an instrument in writing executed by the Registered Shareholder or by the Registered Shareholder's attorney authorized in writing or, if the Registered Shareholder is a company, by a duly authorized officer or attorney of the company, and delivered either to Computershare Investor Services Inc. not less than 48 hours (excluding Saturdays, Sundays and holidays) before the Meeting or any adjournment of it, or to the chair of the Meeting on the day of the Meeting or any adjournment of it. **Only Registered Shareholders have the right to revoke a Proxy. Beneficial Shareholders who wish to change their vote must, in accordance with the instructions provided by the Intermediaries, arrange for their respective Intermediaries to revoke the Proxy on their behalf. A revocation of a Proxy does not affect any matter on which a vote has been taken prior to the revocation.**

VOTING OF PROXIES

The Common Shares represented by a properly executed proxy in favor of Management Proxyholders will:

- (a) be voted or withheld from voting in accordance with the instructions of the person appointing the Management Proxyholder on any ballot that may be called for; and
- (b) where a choice with respect to any matter to be acted upon has been specified in the form of proxy, be voted in accordance with the specification made in such proxy.

ON A POLL SUCH COMMON SHARES WILL BE VOTED IN FAVOUR OF EACH MATTER FOR WHICH NO CHOICE HAS BEEN SPECIFIED OR WHERE BOTH CHOICES HAVE BEEN SPECIFIED BY THE SHAREHOLDER. The enclosed form of proxy when properly completed and delivered and not revoked confers discretionary authority upon the person appointed proxy thereunder to vote with respect to amendments or variations of matters identified in the Notice of Meeting, and with respect to other matters which may properly come before the Meeting. If any amendments or variations to matters identified in the Notice of Meeting are properly brought before the Meeting or any further or other business is properly brought before the Meeting, it is the intention of the Management Proxyholders to vote in accordance with their best judgment on such matters or business. At the time of the printing of this Information Circular, the Management knows of no such amendment, variation or other matter that may be presented to the Meeting.

ELECTRONIC DELIVERY OF DOCUMENTS

Every year, as required by laws governing public companies, the Corporation delivers documentation to shareholders. In order to make this process more convenient, Shareholders may choose to be notified by email when the Corporation's documentation, including the Meeting materials, is posted on the Corporation's website www.shamaranpetroleum.com and accordingly, such documentation will not be sent in paper form by mail other than as required by applicable laws.

Delivery in an electronic format, rather than paper, reduces costs to the Corporation and benefits the environment. Shareholders who do not consent to receive documentation through email notification will continue to receive such documentation by mail or otherwise, in accordance with securities laws.

By consenting to electronic delivery, Shareholders: (i) agree to receive all documents to which they are entitled electronically, rather than by mail; and (ii) understand that access to the Internet is required to receive a document electronically and certain system requirements must be installed (currently Adobe Acrobat Reader to view Adobe's portable document format ("PDF")). Such documents may include the interim consolidated financial reports, the annual report (including audited annual consolidated financial statements and management's discussion and analysis ("MD&A")), the notice of annual and/or special meeting and related management information circular and materials, and other corporate information about the Corporation.

At any time, the Corporation may elect to not send a document electronically, or a document may not be available electronically. In either case, a paper copy will be mailed to Shareholders.

Registered Shareholders can consent to electronic delivery by completing and returning the form of consent included with the form of proxy. Non-registered Shareholders can consent to electronic delivery by completing and returning the appropriate form received from the applicable intermediary.

Shareholders are not required to consent to electronic delivery. The Corporation will notify consenting Shareholders at the email address provided by the Shareholder on the form of proxy when the documents that the Shareholder is entitled to receive are posted on the Corporation's website, with a link to the specific pages of the website containing the PDF document.

NOTICE AND ACCESS

In 2012, the Canadian Securities Administrators announced the adoption of regulatory amendments to securities laws governing the delivery of proxy-related materials by public companies. As a result, public companies are now permitted to advise their shareholders of the availability of all proxy-related materials on an easily accessible website, rather than mailing physical copies of the materials.

As described in the "notice and access" notification mailed to Shareholders of the Corporation, the Corporation has opted to deliver its Meeting materials to Shareholders by posting them on its website at www.shamaranpetroleum.com and under the Corporation's profile on SEDAR at www.sedar.com on May 21, 2019. The Meeting materials will be available on the Corporation's website for one full year.

The Corporation has decided to mail paper copies of the Information Circular to those registered and non-registered Shareholders who had previously elected to receive paper copies of the Corporation's Meeting materials. All other Shareholders will receive a "notice and access" notification which will contain information on how to obtain electronic and paper copies of the Information Circular in advance of the Meeting and for a full year following the Meeting.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

Except as may be disclosed herein, no director or executive officer of the Corporation, or any person who has held such a position since the beginning of the last completed financial year end of the Corporation, nor any nominee for election as a director of the Corporation, nor any associate or affiliate of the foregoing persons, has any substantial or material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting. Directors and executive officers may, however, be interested in the annual approval of the Corporation's 10% rolling Incentive Stock Option Plan (the "Stock Option Plan") as detailed in "Particulars of Other Matters to be Acted Upon – Annual Approval of Stock Option Plan".

STATEMENT OF EXECUTIVE COMPENSATION

For the purposes of this Information Circular, a Named Executive Officer (a "NEO") means each of the following individuals: (a) the Chief Executive Officer of the Corporation, (b) the Chief Financial Officer of the Corporation, (c) each of the three most highly compensated executive officers of the Corporation including any of its subsidiaries, or the three most highly compensated individuals acting in a similar capacity, other than the Chief Executive Officer and Chief Financial Officer, at the end of the most recently completed financial year whose total compensation was, individually, more than CAD \$150,000 as determined in accordance with subsection 1.3(6) of Form 51-102F6 for the December 31, 2018 financial year; and (d) each individual who would be an NEO under paragraph (c) but for the fact that the individual was neither an executive officer of the Corporation or its subsidiaries, nor acting in a similar capacity, as of December 31, 2018.

During the financial year ended December 31, 2018, the Corporation had two NEO's of the Corporation, namely, Mr. Chris Bruijnzeels, President and Chief Executive Officer, and Mr. Brenden Johnstone, Chief Financial Officer.

COMPENSATION DISCUSSION AND ANALYSIS

The following compensation discussion and analysis describes the Corporation's practices with respect to the compensation of its NEO's.

Overview of Compensation Philosophy

The Corporation's compensation philosophy is to structure remuneration packages that are sufficiently attractive to recruit, retain and motivate the kind of executives who will be instrumental in helping the Corporation achieve its short and long-term objectives, to provide executives with compensation that is in accordance with existing market standards generally, to align the interests of executive officers with those of the Corporation's Shareholders and to link individual executive compensation to the performance of both the Corporation and the individual executive.

The Corporation's compensation structure is based on a European model which takes into account inflation (cost of living) and provides for merit increases (only to the extent that an individual's job description or duties have been substantially altered), and cash bonuses which are based on a number of factors, including base salary, length of service and specific performance.

Elements of Compensation

Executive compensation is comprised of three elements:

- base salaries, which are set at levels which are competitive with the base salaries paid by corporations of a comparable size within the oil and gas exploration industry and with operations at approximately the same stage of development, thereby enabling the Corporation to compete for and retain executives critical to the Corporation's long-term success;
- bonuses, which are considered from time to time, based on individual and corporate performance criteria;
- share ownership opportunities through a Stock Option Plan, a Share Unit Plan and Deferred Share Unit Plan providing for the issuance, at the discretion of the directors, of stock options, restricted share units, performance share units and deferred share units, which provides additional incentive and aligns the interests of executive officers with the longer-term interests of shareholders.

Each element of the Corporation's executive compensation program is described in more detail below.

Base Salaries

A NEO's base salary is intended to remunerate the NEO for discharging job responsibilities and reflects the executive's performance over time. Individual salary adjustments take into account performance contributions in connection with their specific duties. The base salary of each executive officer is determined by the Compensation Committee based on an assessment of his sustained performance and consideration of competitive compensation levels for the markets in which the Corporation operates. In making its recommendations to the Board, the Compensation Committee also considers the particular skills and experience of the individual. The base salaries of executive officers are reviewed annually.

Performance-based Cash Bonuses

The Corporation may award discretionary cash bonuses to executive officers and employees of the Corporation from time to time. The amount of the bonus that each individual may be eligible for is not set in relation to any formula or specific criteria, but rather is the result of a comprehensive determination of the Corporation's performance, overall industry conditions, as well as the individual's performance and his

or her contribution to overall corporate goals. The payment of bonuses is subject to the final approval of the Board and the Board has the discretion to amend or veto bonuses in its sole discretion.

Long Term Incentive Compensation

The Corporation may, in order to align the performance of its executives to strategic goals of the Corporation and its long-term shareholder return, issue (“Stock Options”), restricted share units (“RSUs”) and or, performance share units (“PSUs”) A description of these awards follows. Full details on each of the plans governing these awards is contained on Page 16 under the heading, “*Securities Authorized For Issuance Under Equity Compensation Plans*”.

Stock Options

The stock option component of a NEO’s compensation, which includes a vesting element to ensure retention, serves to both motivate the executive toward increasing share value and to enable the executive to share in the future success of the Corporation. Individual stock options are granted by the Board on the recommendation of senior management, in the case of employees, and by the Compensation Committee, in the case of executive officers, including the NEO’s. Options are normally awarded by the Board upon the commencement of an individual’s employment with the Corporation based on the level of responsibility within the Corporation. Additional option grants may be made periodically to ensure that the number of stock options granted to any particular individual is commensurate with the individual’s level of ongoing responsibility within the Corporation. In considering additional grants, a number of factors are considered, including, the role the individual plays in the Corporation, the number of stock options an individual has been granted, the exercise price and the value of the options and the term remaining on those options. The terms and conditions of the Corporation’s stock option grants, including vesting provisions and exercise prices, are governed by the terms of the Stock Option Plan, which are described under “*Securities Authorized for Issuance Under Equity Compensation Plans*”.

Restricted Share Units (“RSUs”)

The restricted share unit component of a NEO’s compensation is an incentive-based method of compensation pursuant to which executives are awarded units in lieu of cash payments that such individuals are entitled to for their service to the Corporation. When RSUs are granted the award is valued based on the market price of the Corporation’s shares at the time of grant and the value of a RSU tracks the market value of the Corporation’s shares from the date of grant to the date of expiry, which is generally three years from the grant date. When the RSU is paid out, the value of the RSU will be the market value of the Corporation’s shares at the payout date. RSU’s may be settled in cash or the Corporation’s shares issued from treasury.

Performance Share Units (“PSUs”)

Similar to RSUs, the performance share unit component of a NEO’s compensation is an incentive-based method of compensation pursuant to which executives are awarded units that track the value of the Corporation’s common shares. However, PSUs are subject to additional performance conditions that serve to enhance the alignment of executives to key strategic, financial and operational milestones of the Corporation. PSUs will vest when the performance conditions have been met. PSUs may be settled in cash or the Corporation’s shares issued from treasury.

Benefits and Perquisites

Benefits form a part of the remuneration package of the named NEOs. Employment benefits, health care, life insurance and, where applicable, state pension plan contributions are provided in a manner which is in keeping with industry standards. During the financial year ended December 31, 2018, each of the NEOs received employer contributions to a pension plan and employer contributions to personal medical insurance which is reflected in the Summary Compensation Table below under the columns “Pension Value” and “All Other Compensation”.

Composition of the Compensation Committee

The Compensation Committee, on behalf of the Board, monitors compensation for the executive officers of the Corporation. For the year ended December 31, 2018, the Compensation Committee consisted of three members: namely, Messrs. Keith C. Hill, C. Ashley Heppenstall and Brian D. Edgar. On January 1, 2019 Michael Ebsary replaced Mr. Heppenstall on the Compensation Committee. All of the members of the Compensation Committee are considered to be independent. Since April 2008 the Compensation Committee has maintained a mandate and meets as frequently as necessary in order to fulfill its responsibilities and in any event, at least annually.

The following is a summary description of the mandate and responsibilities of the Compensation Committee as it relates to NEO compensation:

- to review and approve corporate goals and objectives relevant to NEO compensation, including the evaluation and performance of the NEO in light of those corporate goals and objectives, and to make recommendations to the Board with respect to NEO compensation levels (including the award of any cash bonuses or share ownership opportunities);
- to consider the implementation of short and long-term incentive plans, including equity-based plans, proposed by management, to make recommendations to the Board with respect to these plans and to annually review such plans after their implementation; and
- to annually review any other benefit plans proposed by management and to make recommendations to the Board with respect to their implementation.

All members of the Compensation Committee have direct experience which is relevant to their responsibilities as Compensation Committee members. All members are or have held senior executive roles within public companies, and therefore have a good understanding of compensation programs. They also have good financial understanding which allows them to assess the costs versus benefits of compensation plans. The members combined experience in the resource sector provides them with the understanding of the Corporation’s success factors and risks, which is very important when determining metrics for measuring success.

Performance Factors

At this stage of the Corporation's development, no formal criteria have been established to evaluate corporate and individual performance; however, a number of factors are considered by the Compensation Committee in making recommendations for executive compensation including, but not limited to:

- the progression of the Corporation's projects framed around budget forecasts presented to and approved by the Board;
- the Corporation's overall financial and operating performance;
- objective factors such as the NEO's level of responsibilities, experience, and expertise, length of service and the levels of compensation provided by industry competitors;
- subjective factors such as leadership and such NEOs specific performance and contribution to the benefit of the Corporation, including maintaining good government relations;
- compensation data of peer group companies;
- the Corporation's market capitalization; and
- the long-term interests of the Corporation and its shareholders.

Role of Management in Determining Compensation

The accountability for decisions on executive remuneration is within the mandate of the Board with recommendations from the Compensation Committee; however, management has a key role in helping support the Compensation Committee in fulfilling its obligations. For example, the CEO and other senior members of the Corporation's management team provide a source of external data and analysis.

Recruiting and Retention

The Corporation recognizes that its compensation package has to be sufficient to attract and retain the right level of skill, expertise and talent in an increasingly competitive global market.

The structure of the remuneration package must be well-balanced across the short, medium and longer-term elements, so that it is both attractive to the individual and cost effective for the Corporation. This balance is achieved by providing base salary at a reasonable median level as an anchor which makes the Corporation a realistic prospect for talented candidates. However, the short-term incentive (discretionary bonuses) provides recruits with the opportunity to achieve superior total annual reward through their own delivery of excellence at individual and business levels. Finally, the longer-term reward element (stock option and share unit grants), which provides the opportunity to build ownership and growth in the medium and longer term future in line with the opportunities for success afforded to the shareholders.

Fiscal 2018 Compensation Review

On December 5, 2018 the Compensation Committee met to carry out its annual review of NEO salaries and to consider bonuses to the NEOs as well as other staff. The Compensation Committee determined that it was appropriate that each of Messrs. Bruijnzeels, the Corporation's CEO and Johnstone, the Corporation's CFO, salaries be adjusted effective January 1, 2019 and that they receive cash bonuses which are reflected in the Summary Compensation Table below under the column "Annual Incentive Plans". The Board accepted and approved the recommendations of the Compensation Committee on December 5, 2018.

The Compensation Committee was satisfied that the Corporation's compensation appropriately took into account the factors relevant to the industry, the Corporation's performance within that industry, and the individual contributions to the Corporation's performance made by its NEOs.

During the fiscal year ended December 31, 2018 the Corporation made no grants to NEOs under either the Stock Option Plan or the Share Unit Plan.

Risks Associated with Corporation's Compensation Policies and Practices

Neither the Board nor the Compensation Committee has proceeded to a formal evaluation of the implications of the risks associated with the Corporation's compensation policies and practices. Risk management is a consideration of the Board when implementing its compensation programme, and the Board and the Compensation Committee does not believe that the Corporation's compensation programme results in unnecessary or inappropriate risk-taking including risks that are likely to have a material adverse effect on the Corporation.

The Corporation's NEOs and directors are not permitted to purchase financial instruments, including for greater certainty, prepaid variable forward contracts, equity swaps, collars or units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director.

Defined Benefit Pension Plan

The Corporation's Swiss subsidiary, ShaMaran Services SA, has a defined benefit pension plan that is managed through a private pension plan. Independent actuaries determine the cost of the defined benefit plan on an annual basis, and ShaMaran Services SA pays the annual insurance premium. The pension plan provides benefits coverage to the employees of ShaMaran Services SA in the event of retirement, death or disability. ShaMaran Services SA and its employees jointly finance retirement and risk benefits. Employees of ShaMaran Services SA pay 40% of the savings contributions, of the risk contributions and of the cost contributions and ShaMaran Services SA contributes the difference between the total of all required pension plan contributions and the total of all employees' contributions. A summary of the key terms of the Corporation's defined benefit pension plan is as follows:

General Information. ShaMaran Services SA is affiliated to the Swiss Life Collective BVG Foundation in Zurich which offers full insurance coverage. The employees are admitted to the risk insurance after age 18 (death and disability) and to full insurance after age 25 (retirement, death and disability). The normal retirement age (“NRA”) is 65 years for men and 64 years for women. Early retirement is possible up to 7 years before NRA. Deferred retirement is possible up to age 70.

Salary Definition. The insured salary corresponds to the annual base salary (no coordination offset) and is capped at 3,000% of the maximum Swiss social security pension.

Retirement credits. Amounts are age related and a percentage of the insured salary (years 18 – 34 = 7%; years 35 – 44 = 10%; years 45 – 54 = 15%; years 55 – 65male/64female = 18%).

Retirement benefits. The accrued savings capital is converted into a lifelong retirement pension plus a 60% future spouse pension based upon the conversion rate at the age of retirement. The insured member can choose a lump-sum payout upon request.

Disability benefits. The temporary disability pension up to NRA is equal to 50% of the insured salary. It is replaced by a lifelong retirement pension based on the accrued savings capital (premium waiver).

Death benefits. The spouse pension amounts to 60% of the projected retirement pension without interest at NRA. A lump sum on death before retirement is equal to the accrued savings capital less the present value of the spouse pension.

Contributions. Employees pay 40% of the savings contributions, of the risk contributions and of the cost contributions. The employer contribution corresponds to the difference between the total of all required pension plan contributions and the total of all employees’ contributions.

Vesting. The accrued savings capital is immediately and fully vested. It is transferred to the new employer’s pension fund or to a blocked account upon termination of the employment contract.

Other. Pension increases are granted by Swiss pension plan trustees on an ad-hoc basis depending on the financial situation of the pension fund. Employees can pay voluntary contributions up to the legal limit which is based on a defined percentage of an employee’s insured salary over the insurable period of employment. Employees can withdraw part of or all accrued savings capital for the encouragement of home ownership for their own use.

The table below presents the benefits accumulated by the NEOs under the defined benefit plan of ShaMaran Services SA during the year ended December 31, 2018. The actual benefits payable upon retirement will be determined by the size of each participant’s account values (based on actual contributions and the realized returns on investment), interest rates at the time the benefits commence and retirement age.

1. In combination with the aggregate number of Common Shares which may be issuable under any and all of the Corporation's equity incentive plans in existence from time to time, including the Company's Share Unit Plan, shall not exceed 10% of the issued and outstanding Common Shares of the Corporation at the time of grant, the exercise price of which, as determined by the board of directors in its sole discretion, shall not be less than the closing price of the Corporation's Common Shares traded through the facilities of the Exchange on the date prior to the date of grant, less allowable discounts, in accordance with the policies of the Exchange, provided that the option price shall not be less than CAD \$0.05 per share.
2. The board of directors shall not grant options to any one person in any one year which will exceed 5% of the issued and outstanding Common Shares of the Corporation, or to any consultant in any one year which will exceed 2% of the issued and outstanding Common Shares of the Corporation or in any one year period to those persons employed by the Corporation who perform investor relations services which will, in aggregate, exceed 2% of the issued and outstanding Common Shares of the Corporation, as calculated on the date that that option is granted.

4. If the option holder ceases to be an eligible person, being a bona fide consultant, a director, an employee or a management company employee in relation to the Corporation (as those terms are defined in Policy 4.4 of the Exchange) the option shall terminate no longer than 90 days after such person ceases to be in at least one of those categories, or if an optionee dies, within one year after the date of such death. Deferred Share Unit Plan (the “DSU Plan”)

Set out below is a summary of the DSU Plan, which is qualified in its entirety by the full text of the DSU Plan. DSUs may be granted for the benefit of any director who is not an employee of the Corporation, including any non-executive chair of the Board (in the following section, “Participants”).

Administration of Plan

The Board may, in its discretion, delegate such of its powers, rights and duties under the DSU Plan, in whole or in part, to a committee of the Board or any one or more directors, officers or employees of the Corporation as it may determine from time to time, on terms and conditions as it may determine, except the Board shall not, and shall not be permitted to, delegate any such powers, rights or duties to the extent such delegation is not consistent with Applicable Law. Subject to the foregoing, the Board shall, in its sole and absolute discretion: (i) interpret and administer the Plan; (ii) establish, amend and rescind any rules and regulations relating to the Plan; and (iii) make any other determinations that the Board deems necessary or desirable for the administration of the Plan.

Payment of Annual Cash Remuneration

“Annual Cash Remuneration” means all amounts ordinarily payable in cash to the Participant by the Corporation in respect of the services provided by the Participant to the Corporation in connection with such Participant’s service on the Board in a fiscal year, including without limitation (i) the cash retainer, (ii) the fee for serving as a member of a Board committee; (iii) the fee for chairing a Board committee; and (iv) meeting and per diem fees, which amounts are payable as determined by the Board.

Subject to making a timely election and such conditions as the Board may impose, a Participant may elect to receive his or her Annual Cash Remuneration in the form of DSUs, cash or any combination thereof.

A DSU is a unit credited to a Participant by way of a bookkeeping entry in a notional account in favour of the participant (a “DSU Account”) in the books of the Corporation, the value of which is equivalent to a Common Share (based on the closing trading price of the common shares on the TSX-V on the immediately preceding trading date, being the “Fair Market Value” as defined in the DSU Plan, on the date on which the DSUs are credited).

Deferred Share Units

In addition to the election above with respect to Annual Cash Remuneration, the Board may award such number of DSUs to a Participant as the Board deems advisable to provide the Participant with appropriate equity-based compensation for the services he or she renders to the Corporation. Subject to Applicable Law, the Board shall determine the date on which such DSUs may be granted and the date as of which such Deferred Share Units shall be credited to a Participant’s Deferred Share Unit Account, together with any terms or conditions with respect to the vesting of such Deferred Share Units.

Notwithstanding any other provision hereunder, at the discretion of the Board, a Participant may receive a grant of DSUs under the DSU Plan upon such Participant’s first election or appointment to the Board. The aggregate equity award value, based on grant date fair value, of any grants of Deferred Share Units that are eligible to be settled in Shares, in combination with the aggregate equity award value, based on grant date fair value, of any grants under any other Share Compensation Arrangement, that may be made to a Participant for a year shall not exceed \$150,000.

Maximum Number of Common Shares Issuable

DSUs may be granted in accordance with the DSU Plan, provided the aggregate number of DSUs outstanding pursuant to the DSU Plan from time to time that are eligible to be settled through the issuance of common shares does not exceed 5% of the Corporation’s outstanding common shares, provided that the number of common shares issued or issuable under all Share Compensation Arrangements shall not exceed 10% of the number of issued and outstanding common shares on a non-diluted basis. The DSU Plan is a “fixed number” plan, therefore, should the Corporation issue additional common shares in the future, the number of common shares issuable pursuant to DSUs will not increase. All common shares subject to DSUs that terminate or are cancelled without being settled shall be available for any subsequent grant.

The DSU Plan provides that the maximum number of common shares issuable under the DSU Plan, together with any common shares issuable pursuant to any other Share Compensation Arrangement (which includes the Share Unit Plan and the Stock Option Plan), in any one-year period: (a) to any one Participant, shall not exceed 5% of the total number of issued and outstanding common shares on the grant date on a

non-diluted basis; (b) to insiders (as that term is defined by the TSX-V) as a group shall not exceed 10% of the total number of issued and outstanding common shares on the grant date on a non-diluted basis; and (c) to any one consultant shall not exceed 2% in the aggregate of the total number of issued and outstanding common shares on the grant date on a non-diluted basis.

Redemption of DSUs

Generally, a Participant in the DSU Plan shall be entitled to elect, by filing a notice with the secretary of the Corporation, up to two dates (each, an “**Entitlement Date**”) on which either a portion or all of the vested DSUs credited to such Participant’s DSU Account will, following the date of a Participant’s death or retirement from, or loss of office or employment with the Corporation or a corporation related to the Corporation for purpose of the *Income Tax Act* (Canada) (the “**Termination Date**”), be redeemed.

A Participant’s elected Entitlement Date(s) shall not be later than December 15 of the calendar year following the year in which his or her Termination Date occurs, or earlier than three months after such Termination Date. Where a participant is eligible to file one or more election notices to redeem his or her DSUs but fails to do so, such participant’s Entitlement Date shall be deemed to be December 15 of the calendar year following the year in which his or her Termination Date occurs.

In no event will any common shares be issued or cash payments made to or in respect of a Participant in the DSU Plan prior to such Participant’s Termination Date or after December 31 of the calendar year commencing after such Termination Date.

Transferability

No right to receive payment of deferred compensation or retirement awards shall be transferable or assignable by any Participant except by will or laws of descent and distribution.

Adjustments and Reorganizations

Notwithstanding any other provision of the DSU Plan, in the event of any change in the common shares by reason of any stock dividend, split, recapitalization, reclassification, amalgamation, arrangement, merger, consolidation, combination or exchange of common shares or distribution of rights to holders of common shares or any other form of corporate reorganization whatsoever, an equitable adjustment permitted under applicable law shall be made to any DSUs then outstanding. Such adjustment shall be made by the Board, subject to applicable law, shall be conclusive and binding for all purposes of the DSU Plan.

Dividends

On any payment date for dividends paid on the common shares, a Participant shall be credited with dividend equivalents in respect of DSUs credited to the Participant’s Account as of the record date for payment of dividends. Such dividend equivalents shall be converted into additional Deferred Share Units (including fractional Deferred Share Units) based on the Fair Market Value as of the date on which the dividends on the Shares are paid.

Amendments to the DSU Plan

The Board may without Shareholder approval amend, suspend or cancel the DSU Plan or DSUs granted thereunder as it deems necessary or appropriate, provided that: (a) any approvals required under applicable law or the rules and policies of the TSX-V are obtained; (b) Shareholder approval will be sought where the proposed addition or amendment results in: (i) an increase in the maximum number of common shares issuable from treasury under the DSU Plan, other than in accordance with the terms of the DSU Plan that permit the Board to make equitable adjustments in the event of transactions affecting the Corporation or the common shares; (ii) amendments to the DSU Plan that would increase the insider participation limits set out in the DSU Plan; (iii) any amendments to increase the maximum aggregate equity award value, based on grant date fair value, of any grants made to a Participant under any other Share Compensation Arrangement to exceed \$150,000; (iv) amendments permitting awards other than DSUs to be made under the DSU Plan; (v) an amendment that would permit DSUs to be granted to persons other than eligible Participants on a discretionary basis; (vi) an amendment to permit DSUs to be transferred other than for estate settlement purposes or to a beneficiary; and (vii) amendments deleting or reducing the range of amendments which require Shareholder approval.

A copy of the DSU Plan may be inspected at the head office of the Corporation, 2000, 885 West Georgia Street, Vancouver, British Columbia, V6C 3E8 during normal business hours and at the Meeting. In addition, a copy of the DSU Plan will be mailed, free of charge, to any holder of Common Shares who requests a copy, in writing, from the Assistant Corporate Secretary of the Corporation. Any such requests should be mailed to the Corporation, at its head office, to the attention of the Assistant Corporate Secretary.

Share Unit Plan (the Share Unit Plan)

The Share Unit Plan was established as a vehicle by which equity-based incentives may be awarded to the employees (including officers) and consultants of the Corporation (in this section “Eligible Participants”), to recognize and reward their significant contributions to the long-term success of the Corporation including to align employee, and consultant interests more closely with the shareholders of the Corporation.

Set out below is a summary of the Share Unit Plan, which is qualified in its entirety by the full text of the Share Unit Plan.

Administration of the Share Unit Plan

The Board has authorized the Compensation Committee to administer the Share Unit Plan. The Compensation Committee may (a) interpret and administer the Share Unit Plan; (b) establish, amend and rescind any rules and regulations relating to the Share Unit Plan; and (c) make any other determinations that the Board deems necessary or desirable for the administration of the Share Unit Plan.

Share Units

Share Units may be granted as Restricted Share Units (RSUs) or Performance Share Units (PSUs). Generally, RSU are subject to time-based vesting requirements whereas PSUs are subject to performance based vesting requirements.

Maximum Number of Common Shares Issuable

Share Units may be granted in accordance with the Share Unit Plan provided the aggregate number of Share Units outstanding under the Share Unit Plan that are eligible to be settled through the issuance of common shares does not exceed 175,000,000 common shares. The Share Unit Plan is a “fixed number” plan, therefore, should the Corporation issue additional common shares in the future, the number of common shares issuable pursuant to Share Units will not increase. All common shares subject to Share Units that terminate or are cancelled without being settled shall be available for any subsequent grant.

The Share Unit Plan provides that the maximum number of common shares issuable under the Share Unit Plan, together with any common shares issuable pursuant to any other Share Compensation Arrangement (which includes the DSU Plan and the Stock Option Plan), in any one-year period: (a) to any one Eligible Participant, shall not exceed 5% of the total number of issued and outstanding common shares on the grant date on a non-diluted basis; (b) to insiders (as that term is defined by the TSX-V) as a group shall not exceed 10% of the total number of issued and outstanding common shares on the grant date on a non-diluted basis; and (c) to any one consultant shall not exceed 2% in the aggregate of the total number of issued and outstanding common shares on the grant date on a non-diluted basis.

Redemption of Share Units

Share Units may be redeemed by an Eligible Participant on the Redemption Date (being the date on which all of the time-based vesting criteria have been satisfied, in the case of an RSU or the date on which each of the performance based vested criteria have been satisfied, in the case of a PSU). On the Redemption Date, Share Units may be redeemed for cash, common shares or a combination of cash and common shares, at the discretion of the Compensation Committee. In no event will the Redemption Date in respect of any Share Unit be after the end of the calendar year which is three years following the end of the year in which services to which the grant of such Share Unit relates were performed by the employee or consultant to whom such Share Unit was granted (the “**Termination Date**”).

Transferability

Rights respecting Share Units are not transferable or assignable by any Eligible Participant except by will or laws of descent and distribution.

Adjustments and Reorganizations

If any change occurs in the outstanding common shares by reason of a Reorganization (as defined in the Share Unit Plan), the Compensation Committee, in its sole discretion, and without liability to any person, shall make such equitable changes or adjustments, if any, as it considers appropriate, in such manner as the Compensation Committee may consider equitable, to reflect such change or event including, without limitation, adjusting the number of Share Units credited to Eligible Participants, provided that any such adjustment will not otherwise extend the Redemption Date otherwise applicable.

Dividends

On any payment date for dividends paid on the common shares an Eligible Participant shall be credited with dividend equivalents in respect of Share Units credited to the Eligible Participant’s account as of the record date for payment of dividends. Such dividend equivalents shall be converted into additional Share Units (disregarding fractional Share Units) based on the Fair Market Value as of the date on which the dividends on the common shares are paid.

Termination Provisions

The following represents the disclosure required by National Instrument 58-101 - Disclosure of Corporate Governance Practices ("NI 58-101").

Corporate Governance Practices

National Policy 58-201 - Corporate Governance Guidelines sets out guidelines for effective corporate governance. These guidelines deal with matters such as the constitution and independence of corporate boards, their functions, the effectiveness and education of board members and other items dealing with sound corporate governance. NI 58-101 requires that if management of an issuer solicits proxies from its security

holders for the purpose of electing directors, specified disclosure of the corporate governance practices must be included in its management information circular.

The Board of Directors has considered the guidelines set out in NP 58-201 and believes that its approach to corporate governance is appropriate and works effectively for the Corporation and its Shareholders. The following is a description of the Corporation's corporate governance practices which have been approved by the Board.

The Board of Directors

Four of the proposed nominees for election as directors at the Meeting are current directors of the Corporation. The Board of Directors is currently comprised of Keith C. Hill, Chris Bruijnzeels, Terry L. Allen, Michael Ebsary and Brian D. Edgar. With the exception of Mr. Bruijnzeels, all members and proposed members of the Board of Directors are independent within the meaning of NI 58-101. Mr. Bruijnzeels is not independent as he is the CEO of the Corporation.

The independent directors exercise their responsibilities for independent oversight of management and are provided with leadership through their position on the Board and ability to meet independently of management whenever deemed necessary.

Orientation and Continuing Education

The measures that the Board of Directors takes in connection with orienting new Board members regarding the role of the Board, its directors, the committees of the Board and the nature and operation of the Corporation's business include providing each new member with information concerning the role and responsibilities of a public company director and discussing with new members the Corporation's operations. New directors also have the opportunity to meet with management, technical experts and consultants of the Corporation. As each director has a different set of skills and professional background, the Board seeks to tailor orientation of new members according to the particular needs and experience of each new director. For example, if the new director is highly sophisticated with regard to the oil and gas industry, orientation on that matter would not be necessary or if a director has a high level of financial expertise, finance orientation may not be included. In addition, all new and existing Board members are provided with a Directors' Manual which contains, among other things, information respecting the functioning of the Board of Directors, committees and copies of the Company's corporate governance policies, the Board's mandate, the charters of the Board and its committees, corporate policies and other relevant information. The Directors' Manual is updated regularly.

The Board encourages continued education for its directors and ensures that all directors are kept apprised of changes in the Corporation's operations and business and changes in the regulatory environment affecting the Corporation's day to day business. At every Board meeting, management provides updates and briefings to directors with respect to the business and operations of the Corporation. The Corporation's outside legal counsel also provides directors and senior officers with summary updates of any developments relating to the duties and responsibilities of directors and officers and corporate governance matters. Board members may also attend external education seminars that

they determine necessary to keep themselves up-to-date with current issues relevant to their services as directors of the Corporation. In addition, as part of the annual director assessment process, directors are canvassed by the Corporate Governance and Nominating Committee for their input on what additional information would assist them in increasing their effectiveness as directors. The Corporate Governance and Nominating Committee considers directors' responses and makes recommendations.

Ethical Business Conduct

The Corporation is committed to conducting its business in compliance with the law and the highest ethical standards. Accordingly, the Corporation has adopted a written Code of Business Conduct and Ethics, as amended (the "Code") applicable to directors, officers and all employees of the Corporation. Directors, officers or employees who have concerns or questions about violations of laws, rules or regulations, or of the Code, are required to report them to the Corporation's legal counsel. Following the receipt of any complaints submitted hereunder, the Corporation's legal counsel will investigate each matter so reported and report to the Board which will take corrective disciplinary actions, if appropriate, up to and including termination of employment. The Corporation encourages all directors, officers, and employees to report promptly any suspected violation of the Code to the Corporation's legal counsel. The Corporation does not tolerate any retaliation for reports or complaints regarding suspected violations of the Code that were made in good faith. There has been no departure from the Code during the Corporation's most recently completed financial year.

All directors, officers and employees have an obligation to act in the best interest of the Corporation. Any situation that presents an actual or potential conflict between a director, officer or employee's personal interests and the interests of the Corporation are to be reported to the Corporation's legal counsel.

The Code is available on the Corporation's website at www.shamaranpetroleum.com, and is available on the Canadian System for Electronic Document Analysis and Retrieval (SEDAR) website which may be accessed at www.sedar.com.

In addition to the Code, the Corporation has adopted policies to assist in the conduct of ethical business which include the following:

- an Internal Employee Alert Policy to encourage employees, officers and directors to raise concerns regarding accounting, internal controls or auditing matters, on a confidential basis free from discrimination, retaliation or harassment.
- a Blackout Period Policy for its directors, executive officers and senior management of the Corporation to raise the general level of awareness of the trading and confidential obligations of directors, executive officers and senior management. All directors, executive officers and senior management are expected to comply with the Blackout Period Policy.
- a Corporate Disclosure Policy to ensure effective communication between the Corporation, its shareholders and the public.

Nomination of Directors and Assessment

The Corporate Governance and Nominating Committee is currently comprised of three directors: Messrs. Brian D. Edgar (Chair) and Keith C. Hill and Ms. Terry L. Allen. Following the Meeting, it is proposed that Mr. Ebsary will replace Mr. Edgar as Chair and that Mr. William A.W. Lundin will be appointed to the Corporate Governance and Nominating Committee. All members and proposed members are considered independent within the meaning of NI 58-101. The Corporate Governance and Nominating Committee is responsible for developing and monitoring the Corporation's approach to corporate governance issues. The Committee oversees the effective functioning of the Board, oversees the relationship between the Board and management, ensures that the Board can function independently of management at such times as is desirable or necessary, identifies individuals qualified to become new Board members and recommends to the Board the director nominees at each annual meeting of shareholders and, with the assistance of the Board and where necessary, develops an orientation and education program for new recruits to the Board. In identifying possible nominees to the Board, the Corporate Governance and Nominating Committee considers the competencies and skills necessary for the Board as a whole, the skills of existing directors and the competencies and skills each new nominee will bring to the Board, as well as whether or not each nominee will devote sufficient time and resources to the Board. The Corporate Governance and Nominating Committee also annually reviews and makes recommendations to the Board with respect to: (i) the size and composition of the Board; (ii) the appropriateness of the committees of the Board; and (iii) the effectiveness and contribution of the Board, its committees and individual directors, having reference to their respective mandates, charters and position descriptions. The Corporate Governance and Nominating Committee meets at least once annually.

Compensation

At the present time, the Compensation Committee is comprised of three directors, Keith C. Hill (Chair), Brian D. Edgar and Michael Ebsary, all of whom are considered independent directors. Following the Meeting, it is proposed that Mr. Bruijnzeels will replace Mr. Edgar on the Compensation Committee. The Compensation Committee evaluates the CEO's performance and establishes executive and senior officer compensation, determines the general compensation structure, policies and programs of the Corporation, including the extent and level of participation in incentive programs in conjunction with the Board, and delivers an annual report to shareholders on executive compensation. The Compensation Committee has also been mandated to review the adequacy and form of the compensation of directors and to ensure that such compensation realistically reflects the responsibilities and risk involved in being an effective director. The Compensation Committee meets at least annually. The Compensation Committee's role in the compensation of directors and the CEO of the Corporation is further described under "Compensation Discussion and Analysis".

Board Committees

At the present time, the Board has four (4) standing committees: the Audit Committee, the Compensation Committee, as described above, the Corporate Governance and Nominating Committee, as described above, and the Reserves Committee, described below. Disclosure with respect to the Audit Committee, as required by NI 52-110 – *Audit Committee*, is contained under the heading "Audit Committee and National Instrument 52-110, Audit Committees ("NI 52-110") Disclosure" and in Schedule "A" to this Information Circular.

Reserves Committee

The Reserves Committee is currently comprised of three independent directors: namely, Keith C. Hill (Chair), Michael Ebsary and Terry L. Allen. Following the Meeting, it is proposed that Mr. Bruijnzeels will replace Mr. Hill as Chair and that Mr. William A.W. Lundin will be appointed to the Reserve Committee. The Reserves Committee has the responsibility in general for developing the Corporation's approach to the reporting of oil and gas reserves and other oil and gas information required to be publicly disclosed. The Reserves Committee's mandate prescribes the methodology that the Corporation and the independent evaluator selected by management and approved by the Reserves Committee will adhere to in the calculation of oil and gas reserves and the valuation of those reserves. The Reserves Committee must meet at least annually.
